

FINCA

WAYS TO GIVE

Since 1984, FINCA International (“FINCA”) has enabled access to socially responsible financial services for low-income individuals around the world. Now, FINCA is also supporting the rise of social enterprises delivering life-enhancing products and services for the world’s poor.

FINCA’s mission is to alleviate poverty through lasting solutions that help people build assets, create jobs and raise their standard of living. Your support will enable poor families to build their own incomes, grow their businesses and access basic services, like clean energy and quality education, to improve their quality of life. There are many ways to support FINCA’s work.
